NEW ALLURAVISION™ SERIES
ELECTRIC WALL HANGING, OR BUILT-IN FIREPLACES

napoleonfireplaces.com

Alluravision™ Series

See the fireplace, not the frame with Napoleon's Alluravision™ Series linear electric fireplaces. They stand out from the rest with their nearly frameless viewing area which highlights the unique flame colors. Set the mood with yellow, orange, blue and multicolor flames with the push of a button. Easy to use, these electric fireplaces are plug and play - just hang on the wall and plug them in. The Alluravision™ Series can also be hardwired to 120 v (slim) or 240 v (deep models). Three sizes, 42, 50, and 60-inch, come standard with a crystal media ember bed and remote control. The NIGHT LIGHT™ and glass media with driftwood make beautiful additions to the deep model. Napoleon's Alluravision™ Series linear electric fireplaces are about adding the fireplace, and not the frame to your favorite room.

Product Features

- Slim and Deep Depth Models Available
- Up to 5,000 BTU's and 1,500 Watts - warms up to 400 sq. ft. (Slimline models)
- Up to 9,000 BTU's and 2,800 Watts - warms up to 800 sq. ft. (Deep Depth models)
